

January 2, 2021

Dear Accepted Dental Hygiene Student,

Congratulations on your acceptance into the Vermont Technical College Department of Dental Hygiene! We know that you probably have many questions regarding the program and we would like to answer them for you.

I have developed a narrated PowerPoint presentation that will provide you with a great deal of information. You can locate it at the following website: vtc.edu/dentalhygiene-orientation

We will be holding a virtual information session for newly accepted students on Wednesday, April 7, 2021 at 3:30 pm to provide you with important information about the program, the schedule and answer any of your questions. Representatives from Financial Aid and Admissions will also be available.

You will be automatically registered for classes by the Registrar's office beginning in late May. If you have any specific course requirements, such as attending part-time, please notify me.

Lastly, you will need to attend a required on-site visit to be measured for your magnification lenses (loupes) and be fit tested for your N95 mask in late June 2021. If you wear prescription glasses please bring your prescription with you to this session. Additional information regarding these sessions and the exact times you need to be in attendance will be sent to you at a later date.

Again, congratulations and we look forward to providing you with an outstanding educational experience.

Sincerely,

Ellen B. Grimes, RDH, MA, MPA, Ed.D
Program Director
